

# IT Program Manager Cover Letter

9160 Krajcik FordsJohnsburgh, AR 72831-3153

**Dear Indigo Parisian,**

In response to your job posting for IT program manager, I am including this letter and my resume for your review.

In the previous role, I was responsible for training and mentorship on master data processes and ensure all processes for master data management and reporting are documented.

Please consider my experience and qualifications for this position:

- Experience using Agile and Waterfall methodology
- Background on PMBOK
- Business area specific knowledge and experience - Health Administration
- Experience working in and leading large matrix managed initiatives
- Led large scale (multi geography, > 50 K employees) transformation / management projects and managed cross-functional resources to optimize enterprise security
- Should possess team and people development skills
- Experience managing large technology systems implementations with business process implications requiring change management
- Experience in both Waterfall and Agile environments

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

River Bashirian
