

IT Risk & Compliance Cover Letter

791 Jacinta DriveConnieland, NY 32872-2537

Dear Phoenix O'Conner,

I would like to submit my application for the IT risk & compliance opening. Please accept this letter and the attached resume.

Previously, I was responsible for people and operational management and be accountable for the development, implementation, communication, maintenance and governance in line with the IT security, risk and compliance strategy and roadmaps.

Please consider my experience and qualifications for this position:

- Expertise in overseeing IT audits
- Certifications in Audit, Risk Management and Project Management highly desirable
- Curiosity and eagerness for exploring and understanding complex business processes
- Natural sense of duty and urgency to drive change
- Excellent in execution, being able to create a sense of urgency and focus on high value items
- Strong solution management skills (understanding on functional business process in solution design and configuration experience)
- Excellent Project management skills (scope and quality management, resource management, budget management, issue management, stakeholder management)
- Strong analysis, synthesis and communication capacity (written and oral)

Thank you for your time and consideration.

Sincerely,

Blake Mosciski
