

IT Security Risk Cover Letter

3253 Colby StreamBaumbachside, CA 32986-8798

Dear Marion Crist,

I submit this application to express my sincere interest in the IT security risk position.

Previously, I was responsible for leadership in the area of data security risk management at all levels in the data lifecycle; understanding best-practices, technical controls, and the ability to communicate across business, technical, and executive teams.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Has a broad understanding of information technology
- Has a good overall knowledge of specific areas of information systems practice and applications
- Understands information systems auditing practices, and acknowledges the need to maintain a practical and pragmatic approach to standards compliance
- Demonstrated knowledge of current MS Office products (especially Excel, Word & PowerPoint)
- Excellent proficiency with the English language (written and verbal)
- Working knowledge of digital forensics concepts
- Strong knowledge in either Microsoft Windows (client/server), or Linux/UNIX platforms
- Strong knowledge of open source technologies with an emphasis on those used in application development

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Spencer Feest
