

IT Security Risk Cover Letter

339 Simon BurgBradtkehaven, MD 38059-2830

Dear Ryan Mayert,

Please consider me for the IT security risk opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for mentorship and guidance to other detection analysts, to help them develop in their ability to recognize, triage, and intake security incidents.

Please consider my experience and qualifications for this position:

- Prior experience managing large scale strategic project initiatives
- Strategic thinking/problem solving – understands the details but able to draw out insights and communicate the impact on strategy
- Demonstrated inquiry and advocacy skills
- Proven coaching/mentoring abilities
- Strong working knowledge of Security best practices, capabilities and principles
- Certifications in Process and Security specialization areas
- Proven record of high performance in problem solving & collaborating
- A broad understanding of Information Security and Risk Management

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Rory D'Amore
