

# IT Strategy Cover Letter

522 Wolf ClubJunestad, WI 16645

**Dear Haven Hilpert,**

I am excited to be applying for the position of IT strategy. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for infrastructure strategic vision that enables innovation and seeks to leverage IT trends that can create business value consistent with the company's requirements and expectations.

My experience is an excellent fit for the list of requirements in this job:

- Lead (designing, facilitating, synthesizing, ) end to end strategic planning processes for large enterprise
- Strategic thinking and project management skills
- Develop and interpret forward (contemporary) models associated with strategy development and management
- Creativity, innovation, analysis and implementation skills and experience
- Business acumen and project/process integration skills
- Take long-term view of challenges and opportunities
- Develop, maintain and leverage collaborative relationships with peers in external organizations to share innovation insights and perspectives
- Broad understanding of and experience in the health care/insurance industry

**Thank you for your time and consideration.**

Sincerely,

Frankie Carroll
