

IT Strategy Cover Letter

21154 Hegmann Crescent East Yonkers, NY 10556

Dear Lennon Ward,

I would like to submit my application for the IT strategy opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for leadership to product/project teams and collaborate with customers to develop strategies and solutions that will create high business value to ensure delivery of desired outcomes and realization of the value expected.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Clear experience in creating and running new business opportunities that deliver demonstrated positive ROI (growth, revenue, effectiveness). IL - Chicago
- Create and drive an IT Operating Model which serves as the key methodology for how work is done- everything from business engagement, architecture, business commit, design review and post project assessment
- Establish and lead the Project Management Office for IT, ensuring the proper focus on process, delivery and quality across IT projects
- Ensure consistent project management delivery across all areas engagement
- Create and manage a governance model for how work is maintained and reported through metrics- monthly operational reviews, All Hands, employee satisfaction survey results
- Establish an IT Metrics and Reporting strategy
- Lead, manage and develop a global organization of IT project managers and architects
- Run monthly operations reviews which includes driving the appropriate level of content in conjunction with the IT leadership team

Thank you in advance for reviewing my candidacy for this position.
