IT Technical Support Cover Letter

251 Collins FreewayMiloville, MD 01518-4567

Dear Denver Hills,

I submit this application to express my sincere interest in the IT technical support position.

Previously, I was responsible for backend server support for Windows & Network solutions including standing up new servers and maintaining existing servers.

Please consider my qualifications and experience:

- Provide advice / support to the staff on Microsoft products COTS products and other application configurations
- Or external customers
- Install/Coordinate desktops and printer equipment installation for company locations
- A strong understanding and working knowledge of desktop hardware, operating systems and software
- A good understanding of network systems and protocols
- Enthusiastic personality and high level of energy
- Design, Develop, Test, Deploy, Revise and Maintain Microsoft Windows Images
- Understanding of Server OS, server based applications and how they interact with the server environment and user access

Thank you for taking your time to review my application.

Sincerely,

Landry Breitenberg
