

Java Developer Lead Cover Letter

74544 Henry LightsAudreyton, TX 61037-2718

Dear Marion Hand,

Please consider me for the java developer lead opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for guidance and recommendations to AURA architects in terms of cloud technologies, trends and best practice for solving complex IT problems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Hands-on experience working with Investment Management software and data
- Hands-on experience in software development, documentation, quality assurance, and testing for projects, including software management and change control process
- Advanced Java Spring knowledge (Java 8 , multi-threading, generics, annotations)
- Unit testing knowledge
- Of Java Developer
- Passion for software craftsmanship
- Current (or recent) experience in core java, spring and J2EE
- Web services integration, including implementing REST/SOAP interfaces

Thank you for considering me to become a member of your team.

Sincerely,

Indigo Bogan
