Java Web Application Developer Cover Letter

99331 Flatley HollowLake Devinfurt, SC 99055-6998

Dear Emerson Fahey,

Please consider me for the java web application developer opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for technical assistance to the client for future upgrades to the development tools (such as Eclipse) and environments.

Please consider my qualifications and experience:

- Experience in web development tools such as HTML 5, CSS 3, and JQuery
- Experience in Web Service implementation (RESTful and SOAP) and J2EE features (Servlets, EJBs)
- Experience on Object Oriented Analysis Design (OOAD) and Design Patterns
- Experience of Data Structures
- Certified Java Developer
- Worked on SQL, XML and JSON
- Demonstrated expertise performing web design and development including designing rich internet content using HTML, CSS, and JavaScript
- Demonstrated expertise in design and development of reusable web components using JavaScript with web frameworks -- Backbone, Bootstrap, and jQuery

Thank you for your time and consideration.

Sincerely,

Rowan Gerhold
