

Java Web Application Developer Cover Letter

7404 Samella Lodge East Rubinburgh, WA 83416-9909

Dear Haven Hilpert,

I would like to submit my application for the java web application developer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for agile software development expertise and hands on implementation of the Disability Case Processing System (DCPS) application using the latest open source server side java script technologies on the Node platform and other related open source products.

Please consider my experience and qualifications for this position:

- Should be conversant with Build tools like Ant, Maven and Git
- Proven work experience on Spring Core, Spring ORM, Spring DAO, Spring AOP, Hibernate would be an added advantage
- Experience scripting with jQuery
- Developing / maintaining / supporting running web technologies application with various tools
- Working with team, sharing the idea with team
- PL SQL development experience (Mandatory)
- Exposure to NO SQL Database
- Skilled on cloud platform

Thank you for your time and consideration.

Sincerely,

Azariah Veum
