

JEE Developer Cover Letter

10006 Gussie Manors East Anastacia, WV 27661

Dear Brooklyn Block,

Please consider me for the JEE developer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical leadership in developing applications, programs, reports and analyzing business requirements for intranet and external Internet applications, ERP systems, business intelligence, data warehousing and statistical decision support related systems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Exposure to CI-CD Pipeline
- Knowledge of database theory and practice including SQL and NoSQL usage
- Experience designing and developing applications and reusable components using J2EE technologies in a service-oriented architecture
- Experience with SOAP/RESTful web service technologies and related security
- Proficient with source code versioning tools (Git)
- Proficient with build tools such Maven
- Proficient with Oracle (JDBC or equivalent, SQL)
- Previous experience building integrations

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Lennon Toy
