

# JEE Developer Cover Letter

9787 Eryn OrchardSipesland, OR 65977-6214

**Dear Tatum Graham,**

I am excited to be applying for the position of JEE developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for research, evaluation, testing, and possible implementation of developing or modifying information systems for processing normal business operating problems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Previous experience with log aggregation solutions such as ELK or EFK
- Experience securing data both in transit and at rest (data encryption, certs, TLS, HTTPS)
- Previous experience with Red Hat OpenShift or Kubernetes
- Previous experience with Camel
- Previous experience with JBoss Fuse
- Previous experience with the federal financial domain
- Knowledge and skill in system development methodology (applications development including analysis, design, programming, testing, documentation)
- Excellent analytical skills and strong verbal and written communication skills

**Thank you for considering me to become a member of your team.**

Sincerely,

Gray Sipes
