

# JEE Developer Cover Letter

283 Monahan CentersOsinskimouth, NV 98008

**Dear Skyler Smitham,**

In response to your job posting for JEE developer, I am including this letter and my resume for your review.

In the previous role, I was responsible for expertise in design, development and implementation of Business Intelligence (BI) and analytics systems.

Please consider my experience and qualifications for this position:

- Proficient in Java/JEE tech stack
- Experience with SOA and WebServices (RESTful)
- Knowledge of continuous integration tools, like Hudson, Jenkins
- Performance tuning of server side application components
- Fluent Dutch would be ideal \*
- Hands on experience with Java 8+ and newer language features
- Experience with Java and Object-Oriented Design and development principles
- Hands on experience with relational database systems (e.g., Oracle, MySQL, Postgres)

**Thank you for your time and consideration.**

Sincerely,

Alexis Frami
