

Junior Developer Cover Letter

649 Wyman Islands North Tim, AR 91074-1140

Dear Sutton Johns,

I am excited to be applying for the position of junior developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for input for complex technical design components and acts as a referral expert in appropriate languages, data structures, vended packages, techniques and design methods.

Please consider my experience and qualifications for this position:

- Experience working for a software development company
- CSS3 and web responsive design knowledge
- Android and iOS mobility experience
- Experience with developing Web pages using HTML, CSS, and JSP or other Web scripting languages
- Knowledge of Java using Hibernate and Spring frameworks to create Web services
- Knowledge of Agile development practices and JIRA
- Experience with WCF, ASP.NET MVC, NHibernate, .NET frameworks
- Expertise with the Java language, including multi-threading

Thank you for taking your time to review my application.

Sincerely,

Sutton Tremblay
