

Junior System Administrator Cover Letter

9949 Garry FieldsPort Jaunitashire, MN 17617-3657

Dear Justice Dietrich,

I submit this application to express my sincere interest in the junior system administrator position.

In the previous role, I was responsible for windows system administration services, providing technical support and software expertise for Windows servers to ensure that they operate accurately and efficiently in response to user requirements.

Please consider my qualifications and experience:

- Take on and drive completion of office and process improvement projects
- SAN storage experience
- HP Proliant server experience
- Kernel-based Virtual Machine (KVM) experience
- Opportunity to grow inside the team
- Troubleshoots and corrects issues and concerns to affect the functionality of the web sites
- Assigns windows authentication permissions to provide access and functionality of web sites with different levels of access allowed
- Submit Domain Name Services requests to allow for the addition, modification and deletion of host names, and A records

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Tatum Marquardt
