

Lathe Operator Cover Letter

4999 Maryland Locks North Royalfurt, MO 01575-9336

Dear Ari Green,

I submit this application to express my sincere interest in the lathe operator position.

In my previous role, I was responsible for efficient operation of CNC & Manual CMM's and other metrological equipment.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Exposure to noise, moving parts and occasional exposure to high/exposed places
- Experience working with Lathes machines
- Experience with Blueprint Reading and Measuring Tools
- Knowledge of G-code preferred
- Experience with setting up and operating tool room machines
- Per 8 hr shift (stand 4 hrs., walk 4 hrs.), occasionally (bend, work with arms outstretched, reach above shoulder level, push/pull)
- Successfully completed vocational training as a drill lathe operator, milling cutter or machining mechanic
- Experience in the prismatic or rotationally symmetric machining of large parts (up to 10 t)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Sawyer Murphy
