

Lead Administrator Cover Letter

84922 Wuckert UnionsAuraside, AL 27902-3425

Dear Briar Greenholt,

I submit this application to express my sincere interest in the lead administrator position.

In my previous role, I was responsible for second level support of multiple 3rd party products (tools) used for Network Monitoring Analysis and Security.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- IT infrastructure and information security environment across multiple technologies IT and information security service offerings and the Firm's business at a national level
- Active SSBI clearance or higher
- Experience with administering FileNet P8, Content Navigator, Case Manager and WebSphere or equivalent
- Background in supporting and troubleshooting Java hosted applications and systems
- Knowledge of PowerShell, Shell (Linux) or other scripting tools preferred
- Network traffic knowledge (TCP/IP, load balancers (F5), DNS)
- Excellent PC skills using a variety of software products strong administrative and business operations knowledge
- Working knowledge of various scripting and development languages like Python, Perl, Bash, Powershell, JSON, .Net

Thank you for taking your time to review my application.

Sincerely,

Cameron Bailey
