Dear Brooklyn Douglas,

Please consider me for the lead civil engineer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for civil and Structural asset assurance – Lead inspection and assurance of civil and structural assets on site to ensure safe, continued availability of assets and compliance with regulations and industrial codes of practice.

Please consider my experience and qualifications for this position:

- Technical competence and awareness of codes, standards of general civil underground works so as to coordinate and resolve technical issues during course of the project
- Knowledge of QMS
- Team player and has good communication and presentation skills
- Experience in design of foundations and structures
- Track record in civil and structural project delivery
- Financial disclosure statement required OGE-450
- Industrial site development
- Bachelor of Science in Engineering (Civil)

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Riley Kuhn
