

# Lead Civil Engineer Cover Letter

40997 Krista LocksWest Chadwick, OK 46787

**Dear Bellamy Jaskolski,**

I would like to submit my application for the lead civil engineer opening. Please accept this letter and the attached resume.

Previously, I was responsible for specialist skills and knowledge in the areas related to engineering and analysis including design codes related to Subsea engineering including installation engineering.

Please consider my qualifications and experience:

- Applications will be accepted from any U.S. Citizen
- Provides overall supervision and leadership of discipline project teams of 5+ engineers and designers
- Develops and coaches junior engineers within the discipline project team
- Maintains effective communication with project team members, customer and all interfaces
- Ensures integrity of work scope and that work is carried out in accordance with applicable codes and standards
- Is able to produce man-hour and schedule estimates
- Pro-actively identifies issues that impede project progress and reports to Project Management
- Competent in STAAD pro

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Bellamy Murphy
