

Lead Civil Engineer Cover Letter

47673 Brianna BypassNew Antonio, NH 59438-9313

Dear Emery Abbott,

Please consider me for the lead civil engineer opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for leadership, supervision, and coordination to the Civil engineering staff and design work carried out across the Middle East Unit.

Please consider my experience and qualifications for this position:

- Strong knowledge of Euro Codes
- Dutch and German language are also highly preferable
- Proven experience in Microsoft Software Applications (Word, Excel, Power Point, Access), and AutoCAD
- Will insure quality and completeness of work in a safe and timely manner insuring areas worked are clean, neat and ready for customer needs when complete
- Good knowledge of Configuration Management concepts (planning, identification, change management, status accounting, verification and audits) and PDLM automation tools and features
- Preparing well written and easily understood reports
- Basic technical selection in accordance with contractual project documentation
- Setting-up of project and budget preparation for services and materials

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Quinn Adams
