

Lead Civil Engineer Cover Letter

141 Veda Square New Rene, OK 07054

Dear Charlie Huel,

Please consider me for the lead civil engineer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for guidance to client, project engineers, other specialist engineers and inspectors on civil / structural engineering matters.

Please consider my experience and qualifications for this position:

- Participating in internal/ external Technical / Design Reviews / Quality, System Audits
- Well versed in dynamic analysis and UG requirement
- Additional experience with Middle East projects will be distinctly preferable
- Experience in the preparation of nuclear power plant Engineering Change (EC) Packages is preferred
- In-depth knowledge of the Dutch Building regulations "Bouwbesluit", soil remediation, structural safety
- Intermediate to advanced knowledge of the ACI and AISC family of codes
- Intermediate to advanced experience in civil field engineering activities of nuclear power and non-reactor nuclear facility EPC projects
- Previous supervisory experience within civil discipline

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Avery Kunze
