

# Lead Developer Cover Letter

759 Joel PrairieLake Eloisa, CT 36386-6897

**Dear Tatum Zulauf,**

Please consider me for the lead developer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for technical support, guidance, and document review approval at various phases of the Software Development Life Cycle.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Writing complex SQL queries ETL development experience using tools such as Datastage, Informatica, Teradata utilities
- Experience in Hadoop framework, large scale data processing (eg
- Experience in NoSQL databases (eg
- Experience in automatic deployment (Puppet, Ansible, ...) and DevOps practices
- Experience managing offshore team members
- Excel Online and Office Online Server
- ADFS with SAML Claims
- Kerberos delegation for Excel and SSAS

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Denver Friesen
