

# Lead Estimator Cover Letter

883 Beahan ForkNolanshire, MI 44220-2932

**Dear Alexis Feil,**

Please consider me for the lead estimator opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for systems engineering activities such as: Concept of Operations Formulation, Requirements Definition, Analysis and Engineering, System Architecting, System Analysis and Design, Interface and Data Architectures, Validation and Verification, System Integration, and System & Op.

My experience is an excellent fit for the list of requirements in this job:

- Comprehensive Electric Industry Estimating Knowledge and Experience
- Exposure to Estimating Systems, particularly Expert Estimation will be highly considered?
- Emphasis will be on preparing conceptual detailed & lump sum estimates
- Extensive knowledge and experience in developing conceptual and preconstruction cost estimates for complex school building projects
- Specific familiarity with Drilled Shafts and Ground Improvement
- Able to create and modify pivot tables
- Proficient at using advanced computers and windows applications
- Previous experience in construction, cost estimating, cost control, planning and scheduling for industrial EPCI projects

**Thank you for considering me to become a member of your team.**

Sincerely,

Stevie Dooley
