

Lead Server Cover Letter

1286 Whitney Course Stoltenbergton, WV 77387

Dear Peyton Miller,

I would like to submit my application for the lead server opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for coaching and feedback to Team Members not meeting standards and manage safety Team Member coaching events.

My experience is an excellent fit for the list of requirements in this job:

- Effective supervisory or team leadership skills
- Be experienced providing production support of SQL Server in a multi-disciplined environment to a high standard
- Have a thorough understanding of the Database Engine and knowledge of SSIS
- Be experienced in performance tuning and optimisation
- Have an understanding of Windows and its components
- Seeking an expert level MS Project Server SME
- Focus on configuration, customization, integration, administration, and maintenance of an on premise Microsoft Project Server
- Scripting skill - Ruby and/or Python

I really appreciate you taking the time to review my application for the position of lead server.

Sincerely,

Haven Greenholt
