Linux Admin Cover Letter

85869 Gottlieb LightGislasonton, AK 55224

Dear Oakley Hoppe,

I am excited to be applying for the position of linux admin. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical support and guidance to the SAP Basis team and other Linux admins to make sure the Linux systems continue to evolve and support the SAP systems now and, in the future.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Provide mentoring to colleagues and training for solutions
- Knowledge of TCP/IP, HTTP, ICMP and other network protocols
- Experience with a web server (Apache, Tomcat, or Nginx)
- Experience with Linux Virtualization (KVM, XEN, VMWare, or AWS)
- Experience with source code control processes (git/github) with Docker
- Available 24x7 for support, on call some part of the month
- Understands Linux patching, YUM
- Contribute to and maintain Linux system standards

I really appreciate you taking the time to review my application for the position of linux admin.

Sincerely,

Tatum McLaughlin
