

Linux Admin Cover Letter

970 Reyes SpringsEmersonfurt, CO 01644

Dear Sawyer Pacocha,

I would like to submit my application for the linux admin opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for overall support and technical implementation of Linux operating systems and components which includes design, installation, configuration, troubleshooting and fine-tuning.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of secure collaboration techniques
- Experienced with writing standard work policies and procedures
- Design, test, and implement secure Linux (RedHat) Servers
- Utilize compliance tools (ACAS/Nessus/SCAP) and to implement security controls
- Document proper technical policies/procedures based on RMF, DCID 6/3 and ICD503 compliance requirements
- Patch and upgrade to remove or protect from vulnerabilities
- Assist with continued Windows and Linux integration projects
- Support the full transition from Solaris to RHEL

Thank you for considering me to become a member of your team.

Sincerely,

Emery Mills
