

Loan Consultant Cover Letter

1682 Nolan RestCathybury, NJ 82240

Dear River Harris,

In response to your job posting for loan consultant, I am including this letter and my resume for your review.

In the previous role, I was responsible for insight to clients around the CMS and state specific regulations, guidelines and policies around waiver programs and requirements.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Underwriting, lending, or regulatory experience - not a role for a consumer finance background
- Prepare detailed financial analysis, including cash flow models and collateral evaluations in order to identify potential credit risks
- Evaluate whether commercial loan requests adhere to bank policies and procedures
- Experience with a variety of loan products and industries
- Individual who is detail oriented and highly efficient with their time
- Passionate about learning, meeting goals, and helping a team succeed
- Write and present clear and concise reports to provide meaningful recommendations to clients
- Knowledge of federal and state banking laws related to credit risk

Thank you for considering me to become a member of your team.

Sincerely,

Lennox Reichert
