Mainframe Application Developer Cover Letter

46653 Mayert BypassNikolausborough, NJ 50988

Dear Denver Rosenbaum,

I would like to submit my application for the mainframe application developer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for on-site support for the implementation of the business applications, including project task lists and implementation plans.

Please consider my qualifications and experience:

- Optimise the application and infrastructure interaction and come up with improvement iniatives
- Help and guide Development organizations to implement tuning opportunities
- Follow-up proactively with development organization to track progress on tuning recommendations
- Report status to Management / stakeholders on overall tuning initiatives
- IBM Mainframe, COBOL, JCL, DB2, MQ
- Consumer Lending OR
- Loan Origination Systems OR
- Automated Credit Application Processing Systems (ACAPS)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Shiloh Prosacco
