Mainframe Support Cover Letter

386 Lauran RampBriceville, ME 35014

Dear Robin Witting,

I submit this application to express my sincere interest in the mainframe support position.

In my previous role, I was responsible for first and second level operating systems support for the z/OS, z/VM & z/LINUX mainframe environments.

Please consider my experience and qualifications for this position:

- Should be able to work on flexible hours
- Experience working on the UMR Suite of Applications
- Highly motivated, self-driven, independent thinker/worker
- Knowledge of ISPF dialog manager, stage SQL/Parm in Change Man, JCL, REXX, XML, DB2, RACF, SQL, NDM
- Experience with mainframe security and access controls including ACF2
- Familiarity with legacy mainframe systems UNIX, Linux
- Willing to work on a monthly rotating on-call
- Enabling CICS applications and maintaining ISV products

Thank you for considering me to become a member of your team.

Sincerely,

Quinn McDermott
