Dear Quinn Pollich,

I submit this application to express my sincere interest in the mainframe support position.

In the previous role, I was responsible for financial and accounting expertise and support for the regional business operations management teams.

Please consider my qualifications and experience:

- T-shaped developer
- JESPlaxed/SYSPlaxed integration
- Mainframe monitoring and alerting tools (BMC preferred)
- Knowledge of Dev/Ops principles and technology enabling clients in continuous delivery and continuous integration, (Jenkins, Cloudbees, Xebialabs)
- Proficiency in mainframe technical support will typically be demonstrated by formal education in a related field, or by equivalent work experience
- Experience in supporting or/and integrating WebSphere based applications
- Experience in field of Linux/Unix systems
- Experience in field of IBM Multiple Virtual Storage

Thank you for taking your time to review my application.

Sincerely,

Marion Smitham
