

Manager, Access Cover Letter

705 Justa UnionsBoehmville, IN 45690-0850

Dear Dakota Bednar,

I am excited to be applying for the position of manager, access. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for leadership and direction to the Network Architecture team; responsible for the design, planning, and first office implementation of new enterprise network technologies, spanning minor network improvements to completely new networks including microwave, cellular, satellite and IP/MPLS/Ethernet networks.

My experience is an excellent fit for the list of requirements in this job:

- Build a close collaboration environment with customers, influence them, and negotiate win-win solutions and agreements
- Focus on Primary Care BU along the life span of our products, and Hospital BU in access and evaluation issues through close collaboration with Medical department, Business Intelligence and Market Access departments
- Lead Cloud PABX, Private APN, Wireless Gateway Testing, DNS services, SIP trunk, GPON, Wholesale collaborations
- Working knowledge in SAP GRC access control
- Experience in working with physicians and physician practices in a complex environment with changing care delivery systems
- Understanding of health management
- Firm understanding and working knowledge of the referral process
- Aptitude for networking and relationship building

I really appreciate you taking the time to review my application for the position of manager, access.

Sincerely,

Indigo Kessler
