

Manager Cloud Cover Letter

4191 Quinn SummitBergeberg, AZ 43213-4904

Dear Quinn Crona,

In response to your job posting for manager cloud, I am including this letter and my resume for your review.

In the previous role, I was responsible for tier 3 technical support for any issues related to AWS and Azure services (including engaging vendor support and troubleshooting integration / connectivity issues with our on-premise environment).

Please consider my qualifications and experience:

- Build and deployment automation using platforms such as Bamboo, Jenkins, TFS/VSTS, TeamCity, UrbanCode
- General knowledge of traditional network, firewalls and load balancers
- Comprehensive background covering network architectures, server architectures, telecommunications, and operations
- Experience in SaaS, PaaS, and IaaS
- Experienced in Agile and DevOps
- Confident communicator with strong sales experience who is comfortable interacting with customers, starting conversations, and managing multiple tasks effectively
- Experience managing complex enterprise infrastructure
- Experience supporting/interacting with customers at technical, management and executive levels

Thank you for your time and consideration.

Sincerely,

Quinn Johnson
