

# Manager Cloud Cover Letter

73069 Schamberger StravenueNew Josiahtown, WV 87997

**Dear Quinn Graham,**

I submit this application to express my sincere interest in the manager cloud position.

In my previous role, I was responsible for systems administration for local infrastructure including servers, storage, VMWare based virtualization, Veeam backup, Cisco and Fortinet Firewalls, and other systems.

Please consider my qualifications and experience:

- Experience in deployment and/or build automation preferred
- Experience with source driven development practices preferred
- Expert in cloud services architectures especially AWS
- Expert in cloud and non-cloud server, storage and operating system technologies
- Expert in virtualization
- Competent in developing metrics and measures to reflect maturity and efficiency of computing environment
- Competent in building collaborative working relationships with various internal and external stakeholders
- Experience working across both IT and business organizations

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Tatum Wuckert
