

Manager, Data Strategy Cover Letter

893 Poulos PlainsNorth Vernaberg, MO 03269

Dear Rory Bartoletti,

I would like to submit my application for the manager, data strategy opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for framework, stewardship, governance, and decision making for the management of enterprise data for project development teams, business users and other stake-holders.

My experience is an excellent fit for the list of requirements in this job:

- Experience in diagnosing, isolating, and resolving complex business issues and recommending and implementing strategies to resolve problems
- Experience with Analytics Strategy development
- Experience overseeing the performance of direct or indirect reports and being held accountable for their deliverables
- Advanced level skill in Microsoft Access
- Experience with advanced coding languages
- Experience utilizing business intelligence tools in support of data analytics
- Certified as a Salesforce administrator or developer
- Experience communicating with executive level leadership both internally and to client organizations

Thank you for your time and consideration.

Sincerely,

Alexis Becker
