

Manager, Information Systems Cover Letter

19791 Albert Road South Seema, WV 20305

Dear Parker Dare,

Please consider me for the manager, information systems opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for support in the monthly/quarterly testing of SOX controls and ensure adherence around the key controls is achieved.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledgeable with application development experience and programming/coding will be an advantage
- Knowledgeable in application penetration testing methodologies, such as OWASP
- Knowledgeable with the use of cryptographic controls
- Good knowledge in compliance with MAS TRM, ABS, BNM, HKMA, CBRC, etc guidelines and others an advantage
- Preferable experience in the hospitality and travel industry
- Extensive knowledge and hands-on experience in the maintenance of property management systems, intranet, Windows servers and its applications and email systems
- Hands-on experience with PABX and VOIP/SIP clients
- Prior ISSO/ISSM experience

Thank you for taking your time to review my application.

Sincerely,

Riley Predovic
