

Manager, Information Systems Cover Letter

1035 Treutel Place
South Ouida, MA 33846-3398

Dear Dylan McGlynn,

I submit this application to express my sincere interest in the manager, information systems position.

In my previous role, I was responsible for subject matter expertise in leading SOX, operational, and financial controls as it relates to risk and controls optimization/rationalization.

Please consider my qualifications and experience:

- Strong conceptual, analytical, problem-solving, organizational, and technical skills
- Experience with Banner 9.x
- Experience with College Source u.achieve / DARS
- Experience with integrations technologies (APIs, web services, SFTP, etc)
- Provide project analysis, updates on project execution, project delivery for Business and IS team
- Work with AMO IS Leaders to develop project resourcing strategies to ensure optimum support for the day-to-day project management activities
- Manage and develop skills and capabilities of project management team
- Ensure adoption and implementation of project management methodology and oversee project management coaching

Thank you for taking your time to review my application.

Sincerely,

Briar Parisian
