

# Manager IT Audit Cover Letter

2194 Hermann PointsNew Sallieview, IN 74593-8002

**Dear Morgan Bayer,**

I am excited to be applying for the position of manager IT audit. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for our clients in the federal government sector with a variety of Information Technology (IT) services including risk assessments, security assessments, internal control reviews and IT assurance related projects.

My experience is an excellent fit for the list of requirements in this job:

- IT Audit Management/Lead Experience and/or software development experience
- Strong knowledge of digital banking (online and Mobile) and emerging technologies
- Excellent working knowledge of industry audit processes, business policies and current business and information technology developments
- Demonstrate experience in audit-related fields, including a working knowledge of appropriate risk management techniques strong understanding of audit processes and internal controls
- A certified professional designation (e.g., CISA, CISSP, CIA) is preferred
- Experience auditing applications residing on Mainframe, Windows, Unix, SQL, Oracle is preferred
- Knowledge of relevant regulations and frameworks
- Knowledge of electronic work-papers

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Alexis Brekke
