

Manager Medical Cover Letter

26125 King PlainsSouth Rubentown, SD 72203

Dear Campbell Wuckert,

I would like to submit my application for the manager medical opening. Please accept this letter and the attached resume.

Previously, I was responsible for clinical leadership and a clear direction to all members of the care team to support the plan of care while maintaining the responsibility and accountability for the delivery of ambulatory nursing care.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Support on medical activities relating to the conduct of a trial or survey, maintain scientific contacts with local investigators
- Adhere to any country specific "Code of Conduct" and have a strong compliance focus
- Clinical study execution related knowledge, like GCP, IRB dossier preparation/application, site initiation/close out, liaise with vendors, budget planning/management, study drug import
- Set up the country medical affairs team, provide leadership, mentoring, supervision for the country medical managers and MSLs
- Developing and implementing area MSL strategic plan based on the country & medical plans
- Define key area business priorities and functional tactics based on customer insights and therefore develop the consequent area/country patient value medical plan for bPVU and drive its execution
- Experience in medical affairs with a track record of connecting the scientific data to patients, business solutions resulting in memorable experiences for patients and all stakeholders
- Senior/ experienced professional with proven effective leadership of people & teams in previous roles

Sincerely,

Parker Willms
