

# Manager Medical Cover Letter

680 Lewis StreamKathyrnfort, NC 87207-2895

**Dear Tatum Kertzmann,**

I am excited to be applying for the position of manager medical. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for guidance and supervise all professional and auxiliary personnel rendering patient care and services to CareSource@Home patients to assure that the highest quality of care is provided in compliance with all standards of practice and regulatory requirements.

My experience is an excellent fit for the list of requirements in this job:

- Experience with various analytics tools including reporting, visualization & predictive analytics
- Experience with agile business intelligence and technology approaches
- Demonstrates analytic and technology curiosity to stay on top of leading and evolving analytics/technology platform trends to identify opportunities for efficiency and greater analytics enablement/delivery
- Strong matrix leadership, relationship management, and leading without authority
- Strong knowledge of multiple core Clinical Development functions (data management, statistical programming, medical writing, trial management and monitoring)
- Proven track record of successful leadership of teams or groups in a diverse setting
- Strong knowledge of developing architecture and specifications
- Being a compliance and systems champion for relevant SOPs and systems

**Thank you for considering me to become a member of your team.**

Sincerely,

Story Hegmann
