

Market Research Associate Cover Letter

8636 Krystle MountLake Raelenemouth, ID 31279

Dear Story Steuber,

I am excited to be applying for the position of market research associate. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for regular reporting and analysis to identify best data sources and ESG metrics to apply to research frameworks.

Please consider my experience and qualifications for this position:

- Proficient knowledge and experience of core procurement skills, such as market analysis, contract development and management, supplier selection, negotiation, supplier performance and supplier relationship management
- A good understanding of project management methodologies and e-procurement processes and tools such as SAP, eSourcing, Emptoris
- Expertise with strategy development for multiple indirect spend categories
- Demonstrated leadership potential through specific examples of initiative and leadership, in work or non-work settings
- Experience working closely with other functional teams is preferred
- Assure that US MR interests are incorporated into the design and development of Corporate led studies that will field in the U.S. market
- Diagnosing and uncovering issues and opportunities for CX improvement strategy
- Work with cross-functional stakeholders across the organization in building great multi-channel experiences for our customers

I really appreciate you taking the time to review my application for the position of market research associate.

Sincerely,

Dallas Bins
