

# Mechanic Helper Cover Letter

806 Von TrailNew Bryce, MI 94511

**Dear Indigo VonRueden,**

I submit this application to express my sincere interest in the mechanic helper position.

Previously, I was responsible for own hand tools and basic fabrication/finishing tools and equipment; District will provide most heavy-duty tools and equipment and many consumables.

Please consider my experience and qualifications for this position:

- Experience with military aviation logistics, aircraft component
- Identification, NAVAIR technical publications, and Navy supply processing procedures
- Application of basic trades mathematics
- Experience with welding, cutting, fabrication and equipment maintenance preferred
- Noise exposure
- High School diploma or GED equivalent, military/civilian aviation technical school or A&P license
- Experience with NAVAIR technical publications, primary and alternate procedures for component removals, component identification
- In general, the work of the Mechanic Helper requires rounded training and experience usually acquired through a formal apprenticeship or equivalent

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Peyton Bruen
