

Mechanic Helper Cover Letter

768 Damian Drive New Shizue, IL 23712-2844

Dear Story Hessel,

In response to your job posting for mechanic helper, I am including this letter and my resume for your review.

In my previous role, I was responsible for own basic hand tools required to perform assigned work scope, while other tools and equipment are provided on service vehicle. #LI.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Working toward FAA A&P certificate
- Working knowledge of Microsoft software and in use of digital manuals
- Valid Commercial Drivers Licenses with Class "C" endorsement
- Previous fleet experience performing preventative maintenance and safety inspections in support of a BOS contract
- Conduct service and preventative maintenance on equipment and vehicles
- Experience assisting diesel mechanics on more complex repairs of heavy equipment
- Experience assisting diesel mechanics with repairs to heavy equipment
- Experience assisting diesel mechanics with repairs to equipment

I really appreciate you taking the time to review my application for the position of mechanic helper.

Sincerely,

Spencer Bruen
