

# Mechanical Maintenance Cover Letter

155 Renner Alley South Karri, NM 10132-0111

**Dear Emerson Orn,**

Please consider me for the mechanical maintenance opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for guidance and instructions to technicians to perform maintenance (preventive + breakdown + predictive).

My experience is an excellent fit for the list of requirements in this job:

- Experience working in a CMMS program, preferably Indus Passport
- Diploma in Mechanical, Mechatronics Engineering or equivalent
- Knowledge of bearings, chains, sprockets and couplings
- Willing and able to wear necessary Personal Protective Equipment (safety glasses, ear plugs, hard hat, steel toe boots)
- Knowledge of troubleshooting and repairing, electrical control systems, instrumentation, electronic circuits, (motor controls, relay logic, AC/DC drives and low voltage switchgear)
- Experience repairing and maintaining mechanical systems in accordance with mechanical and electrical drawings, operations manuals, PLC programs and manufacturer's specifications
- Strong Maintenance Operations and Management
- Experience planning multiple activity lines and activities

**Thank you for taking your time to review my application.**

Sincerely,

Dylan Tromp
