Dear Blake Connelly,

I am excited to be applying for the position of mechanical maintenance. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for documentation of all work performed for equipment history files and predictive maintenance trends and scheduling utilizing maintenance management system.

My experience is an excellent fit for the list of requirements in this job:

- Specific trade experience in general mechanical maintenance (especially industrial rotating equipment), welding, pipefitting and millwright skills
- Post high school vocational training in Mechanical technology is desirable
- Basic understanding of instrument specifications and maintenance testing and calibration techniques
- Experience of working in the Operations and Maintenance of mechanical systems and equipment
- Faultfinding and repair of the mechanical process equipment
- Willingness to learn new ways of working
- Thrive on challenges and a challenging working environment
- Modifications of existing equipment

Thank you for taking your time to review my application.

Sincerely,

Jordan Rolfson
