

Medical Tech Cover Letter

2088 Kym RowArdellaland, MT 14099-8727

Dear Armani Dietrich,

I would like to submit my application for the medical tech opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for clinical guidance and training to hospital clinicians and physicians on Laboratory policies and procedures.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Understand and follow work instructions including inspection plans and training materials
- Provide training to other operators as directed by management
- Support Maintenance of Work Environment's 5S Standards
- Understand, support, and contribute to Molex Total Quality Management Program, Lean Six Sigma, Quality Certification Programs, and Environmental Health and Safety Programs by following policies and procedures
- Support production of products meeting ISO and FDA requirements by completing quality assurance related tasks using defined processes and high precision measuring devices and equipment
- Exercises accuracy and precision in completion of prescribed tasks and treatments
- Previous experience in a medical record experience preferred
- Performs daily unit assignments consistently (i.e., changing of sharps and glove containers, refrigerator temperature logs, crash cart checks, quality control)

Thank you for considering me to become a member of your team.

Sincerely,
