Dear Morgan Brown,

In response to your job posting for mental health specialist, I am including this letter and my resume for your review.

Previously, I was responsible for short-term counseling to students experiencing developmental difficulties, mental health concerns, relational issues, academic challenges, and/or behavioral problems, including crisis counseling/intervention.

Please consider my experience and qualifications for this position:

- Experience working with forensic populations preferred
- Knowledge of personality theories and the dynamics of behavior
- Master's degreed as a mental health clinician who has full licensure, provisional licensure, or registered intern status as a mental health provider under Chapter 491 (Florida Statutes)
- Retired Law Enforcement Officer with military experience and/or experience working with the veteran population
- Current licensure in the State of Alaska as a Clinical Social Worker (LCSW), Licensed Professional Counselor (LPC), Licensed Marital and Family Therapist (LMFT) or eligibility for licensure within 6 months of employment
- Data entry experience and knowledge of spreadsheets, word processing and database software
- American Heart Association Basic Life Support (AHA-BLS) Provider certification
- Strong knowledge of mental health and wellness content and prevention strategies

Thank you for considering me to become a member of your team.

Sincerely,

Corey Feil
