

Mental Health Therapist Cover Letter

481 Shawn Trafficway Jeramystad, MT 54370

Dear Azariah Schoen,

I submit this application to express my sincere interest in the mental health therapist position.

Previously, I was responsible for mental health and substance abuse assessments of Emergency Department patients, recognizing each patient's requirements relative to their age-specific needs.

My experience is an excellent fit for the list of requirements in this job:

- Demonstrated experience providing psychotherapy/counseling for TAY
- Current State of Alaska Licensed Professional Counselor (LPC) or Licensed Psychological Associate (LPA)
- Valid drivers license when assigned to specific service environments
- Bachelors in Occupational, Recreational, Music, Dance, Drama or Art Therapy or Vocational Counseling
- Schedule is flexible and non-traditional
- Experience in a university counseling center or higher education environment
- Exceptional communication, interpersonal, and stress-management skills
- Prior experience working with gifted adolescents and teens

I really appreciate you taking the time to review my application for the position of mental health therapist.

Sincerely,

Story Pacocha
