

Mental Health Cover Letter

8016 Jones Highway Shirleeton, FL 95860-4975

Dear Haven Moore,

In response to your job posting for mental health, I am including this letter and my resume for your review.

In my previous role, I was responsible for input to the development of the Group-wide risk profile for Health and Wellbeing specifically Mental Health.

Please consider my qualifications and experience:

- Experience in facilitating and coordinating psycho-educational workshops, training, and presentations
- Experience in a university counseling center with a broad-based comprehensive student development perspective
- Working knowledge of community services and resources
- Experience documenting in an EMR, preferably Epic with well-developed computer skills
- Experience in the Veterinary Medicine field highly preferred
- Experience working with college students, faculty and staff
- Experience in college mental health, including crisis assessment, brief intervention, confidentiality requirements, outreach, referral, and psychological assessment
- Experience working in a university setting and/or with an employee assistance program is highly desirable

Thank you for your time and consideration.

Sincerely,

Cameron Schiller
