

Metrology Technician Cover Letter

3773 Botsford RapidsNorth Lavern, ME 99879-4652

Dear Oakley West,

I would like to submit my application for the metrology technician opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for technical and procedural advice and guidance to KAF personnel and other GOK personnel concerning metrology related matters such as; the repair, calibration or modification of precision measurement equipment, the.

My experience is an excellent fit for the list of requirements in this job:

- General Knowledge and experience using CAD software
- Need to travel will be infrequent
- The knowledge to explain all measurement data to an engineer
- Computer literate in Maximo or similar computer based calibration program
- Completion of specialized schooling beyond high school in the Physical/Dimensional/Optical field Technical Institutes, Armed Forces, Technical or Industrial Technical Schools or the equivalent of the same
- Plan and coordinate all scheduled calibrations so as to enhance production process
- Gagetrak or recall program experience preferred
- Full use and application of standard principals and techniques for calibration and or metrology

Thank you for your time and consideration.

Sincerely,

Tatum Hoppe
