

# Millwright Cover Letter

6692 Kent GlenNorth Lyleville, KY 62627

**Dear Story Fisher,**

In response to your job posting for millwright, I am including this letter and my resume for your review.

Previously, I was responsible for quality repairs centrifugal and reciprocal pumps, compressors and other rotating equipment.

My experience is an excellent fit for the list of requirements in this job:

- Valid First Aid an asset\*\*
- Ensure safety of guests and employees through proper training and adherence to company policies and procedures Other duties as assigned
- Constructed wire panels and working with DC Circuits
- Experience working in a wood products environment is preferred
- Able to work overtime including weekends/holidays when scheduled
- Experience working as a Millwright
- N6 Certificate
- Trade Test Certificate

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Rory Murray
